**PARENT & COMMUNITY SURVEY DETAIL**

SUNNYVALE SCHOOL DISTRICT | FACILITIES MASTER PLAN **2022**

## planning considerations | PARENT & COMMUNITY SURVEY DETAIL

An online survey was distributed to parents and other community members of Sunnyvale and was made available in English and in Spanish. The questions within the survey focused on the existing functionality of the various spaces and features typically found on a school campus that may be relevant to them. First, they were asked to rate, on a scale of 1 to 5, the functionality of:

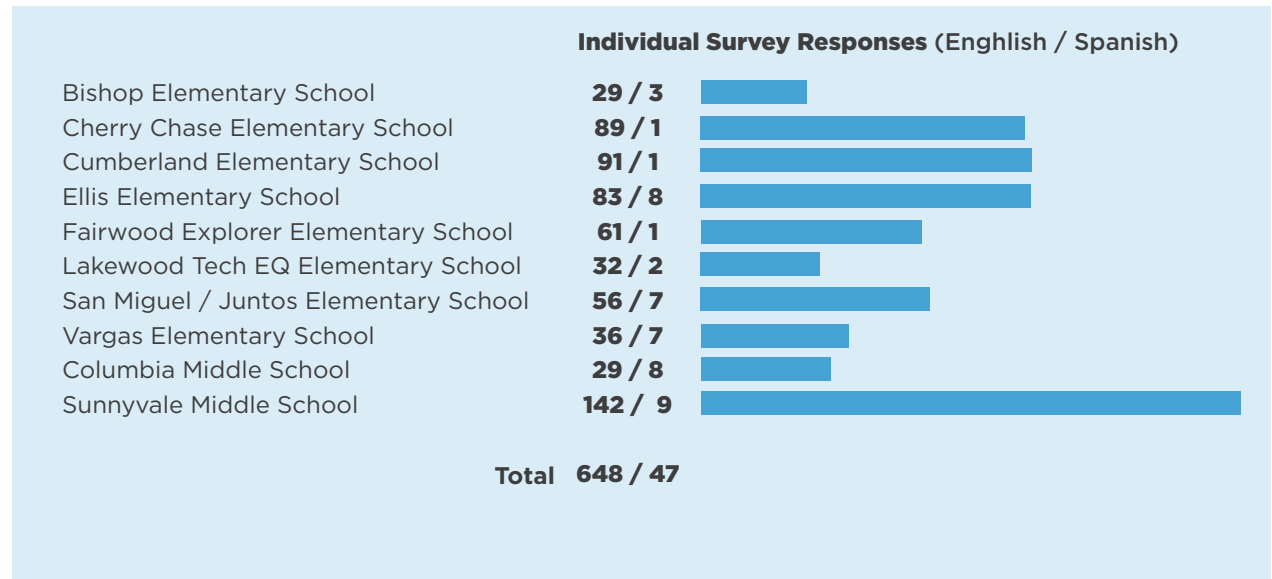

- Exterior appearance / curb appeal
- Classrooms
- Cafeteria and Food Service
- Libraries
- Specialized / Electives Spaces

The ranking was a selection of 1 to 5 stars (5 being the highest rank).

After each space ranking, participants were given a list of components to associated with the space and asked to select one thing about the space that they would change.

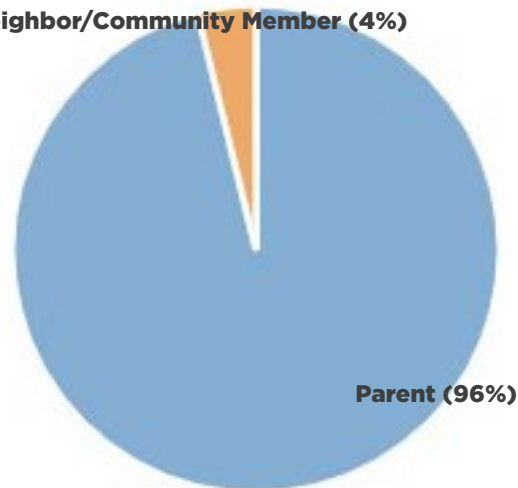

The final question asked them to select their top 3 priority spaces that require the greatest amount of improvement at their school site.

648 total responses were submitted in the English survey and 47 total responses were submitted in the Spanish survey. See the following pages for the results.

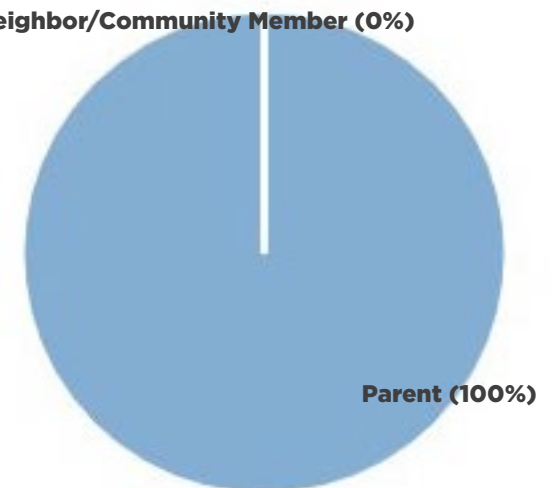

**Which educational partner group do you represent? English Survey**

Neighbor/Community Member (4%)

**Which educational partner group do you represent? Spanish Survey**

Neighbor/Community Member (0%)

## District-Wide

### Classrooms

What would you change?

Air flow, natural ventilation

None, I wouldn't change any aspect

Updated finishes (paint, flooring, ceiling, etc)

### Library

What would you change?

None, I wouldn't change any aspect

Access to outdoor spaces

Add quiet spaces for independent study

### Food Services

What would you change?

Better access to food (shorter lines, add windows)

Furniture for eating outside

Shade outside

### Specialized Spaces

What would you change?

None, I wouldn't change any aspect

Tools and materials for projects

Air flow, natural ventilation

### Exterior Appearance

What would you change?

Exterior paint / building condition

Nothing, it's a beautiful school

Landscaping

### Top 3 Priorities

### Count

Drinking fountains / water bottle filling stations	212
Classrooms	207
Blacktop and playgrounds	170
